

NOW SAVE up to 80% on PET MEDS!

Get the card that saves at more than 60,000 pharmacies nationwide.

Pets give us unconditional love. They deserve the best care we can give them, and that includes medication when they need it. The trouble is – as with all medications today – the costs can be prohibitive. This is where InSourcePetRx comes in.

InSource PetRx is the solution to high-priced pet meds.

Our network of pharmacies is more than 60,000 that accept the InSourcePetRx card. Simply present it when you're filling your pet's prescription and ask the pharmacist to plug in the codes to discover your savings. Most pet meds are fillable at most stand-alone and chain pharmacies, and the inSourcePetRx card can save you big time on the most widely filled pet meds* including:

Often prescribed for dogs:

Metronidazole
Famotidine
Diphenhydramine

Often Prescribed for cats:

Baytril
Zeniquin
Orbax

inSourcePetRx is the key to keeping your pet as healthy as possible.

*Please consult with your veterinarian about the best medications for your pet. Your veterinarian may be able to fill the prescribed medications in the office, but you can always ask if a specific medicine is fillable at a standalone or chain pharmacy to save money with the inSourcePetRx card.
